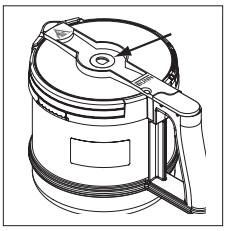
IMPORTANT CLEANING INSTRUCTIONS BTX & BTC

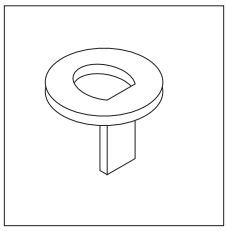
This BUNN® THERMAL CARAFE will last a very long time if properly used and cared for.
• Stainless Steel • Seamless • 10 Cup Capacity • Easy To Use •

CARAFE LID CLEANING

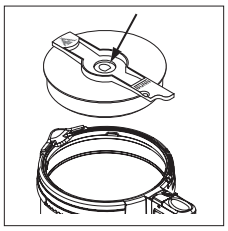
Carafe Lid Tips:
• For best performance, do not wash the carafe lid in the dishwasher.
• For easiest closing, wet the rim of the lid with water before putting it on the carafe.



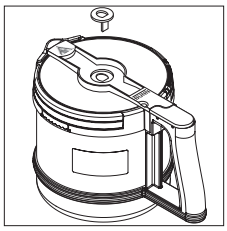
STEP 1
Remove the Flavorgard™ valve by lifting at the edge and pulling up. Do **NOT** use a sharp object (but you can use a butter knife).



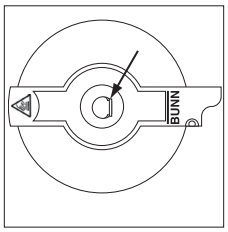
STEP 2
Wash the Flavorgard™ valve with soapy water.



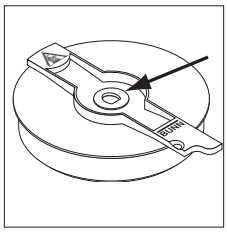
STEP 3
Wash the lid thoroughly. Pay particular attention to the area indicated by the arrow.



STEP 4
Replace the Flavorgard™ valve. Do this by following steps 5 and 6.

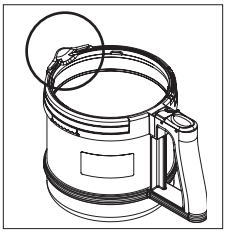


STEP 5
Align tab on the Flavorgard™ valve with the slot inside the carafe lid.

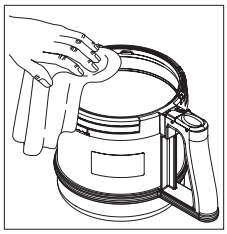


STEP 6
Slide the tab into the slot and press the valve flush with the lid.

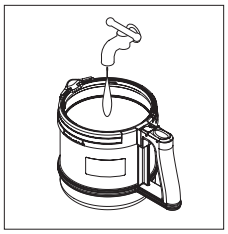
CARAFE SPOUT CLEANING



STEP 1
Occasionally, scrub the carafe pour spout and the area around it, including the lid, with a mild detergent and warm water.



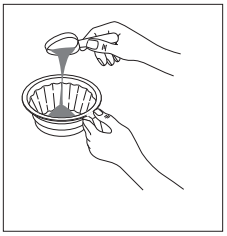
STEP 2
Use a soft cloth and scrub hard. Be sure to remove all residue.



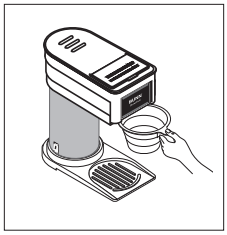
STEP 3
When finished, pour out solution into sink and thoroughly rinse carafe and lid with clean water.

See Use and Care manual for complete instructions.

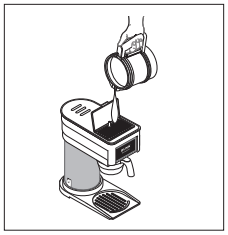
PERIODIC CARAFE CLEANING. Perform as necessary.



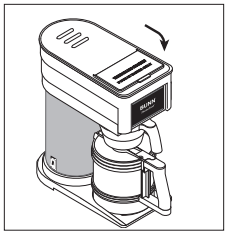
STEP 1
Place a filter into the brew funnel. Place two level teaspoons of Cascade® dish-washing detergent into the filter.



STEP 2
Insert the brew funnel into the brewer.

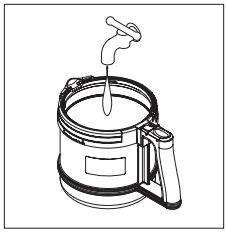


STEP 3
Raise the hinged flip lid and pour one carafe of water into the top of the brewer. Do <u>not</u> close the lid yet.



STEP 4
Without installing the carafe lid, place the open carafe into the brewer, <u>THEN</u> close the lid. After "brew" cycle stops, allow the carafe to soak for 10 - 15 minutes.

STEP 5
Use a long handled brush to scrub the carafe inside and out as necessary. Use **EXTREME CAUTION** during this step as the cleaning solution is **VERY HOT**.



STEP 6
Discard the paper filter and rinse both carafe and funnel very well.
